

DHCD Jack A. Proctor Virginia Building Code Academy 2011 Academy Schedule

The TASO Training and Certification Unit (TCU) announce its **2011** calendar year schedule effective January 1, 2011. This schedule reflects trends consistent with the current registration and economic climate. Although reductions in academy course and specialty offerings are necessary, this schedule continues to provide all required courses for certification during the calendar year. As in the 2010 VBCA schedule, *dinner will not be provided to lodgers each day of training*. Breakfast will continue to be served to lodgers only as well as the lunch to all students during training days, as the budget continues to permit.

TCU appreciates your patience as we strive to satisfy all of your training needs. In an effort to provide adequate offerings across the state, TCU will update the schedule as the economic climate improves and registration trends increase. Please note all offerings are subject to change or cancellation based on enrollment of 15 persons or less, program need, and instructor availability.

For more information or for course registration please visit our website:
